Kristina Alekseeva

UI/UX Designer & Design Technologist

I came with a computer science background, fell in love with users, and united my two passions — sparkling frontend and great user experience.

🔗 Portfolio

UI/UX DESIGNER, 5+ YEARS

Hey Mentor, Jul 2018–Current

- Create design for a mobile app including wireframes, visual design, design specifications, and redlines.
- Conduct user research, create personas and user story maps.

SKB Kontur, Jan 2013–Apr 2018

- **Government Contracting App.** Designed a product from the initial vision to over 18K active users. As a sole designer for 3 years, my job was to lead design in the right direction.
- **Certificate Authority App.** Designed and simplified user flows for 6 different user roles remaining within complex legal and technical requirements.
- Collaborated on all stages of development including user research and tracking deliverables, created user story maps, information architecture, wireframes, interactive prototypes, visual design, and redlines.
- Managed communication with other teams on design integrations.
- Worked with Marketing Managers and supervised user communications including transactional and promotional emails, news, and instructions.
- Helped with responsive design and HTML, CSS, Javascript, and jQuery.

FRONTEND DEVELOPER, 5 YEARS

SKB Kontur, Oct 2010–Jun 2013

- Coded HTML, CSS, Javascript, jQuery, ASP.NET Partial Views.
- Contributed to frontend standards in the company.

JetStyle, Sep 2008–Sep 2010

- Worked on over 15 websites for different clients.
- Coded HTML, CSS, Javascript, jQuery.
- Established frontend standards for the company.
